Ron Keter

Tel Aviv, Israel | 0543664787 | https://ronketer.github.io
ron.j.keter@gmail.com linkedin.com/in/ronketer github.com/ronketer

Education

The Hebrew University of Jerusalem
BSc, Computer Science *Expected September 2027*

Technical Skills

Languages: Python, C++, C, Java, Bash, SQL
ML and Computer Vision: PyTorch, Diffusers, Hugging Face, OpenCV, GTSAM, NumPy
Agentic Workflows and Data: AutoGen, Ollama, LangChain, ChromaDB, pytest
Systems and Delivery: Linux, Git, Valgrind, Docker, Kubernetes

Projects

Stereo Visual SLAM Pipeline | ***Python, OpenCV, GTSAM, NumPy***

- Built full stereo odometry on KITTI Seq. 05, tracking 1,200 keypoints per frame across 2,600 frames with AKAZE matching and epipolar constraints
- Built windowed bundle adjustment and a pose graph using a ground-truth endpoint prior

Generative AI Personalization & Forensics | ***Python, PyTorch, Diffusers, Hugging Face***

- Fine-tuned Stable Diffusion v1.5 with LoRA and DreamBooth to reconstruct subjects across diverse backgrounds
- Developed a membership inference probe using reconstruction MSE to audit model training data leakage

Local Anki Agent | ***Python, AutoGen, Ollama, asyncio, Pydantic***

- Architected a 4-agent Python pipeline with deterministic routing, bounded reflection review loops, Pydantic validation, and per-agent JSON logging
- Cut study-card creation time from approximately 2 hours to 30 minutes

Multithreaded MapReduce Framework | ***C++, Linux, pthreads***

- Implemented a 4-stage parallel pipeline across N worker threads using atomic work-stealing and reusable barrier synchronization

Work Experience

Freelance **2024-2025**
Math Tutor *Tel Aviv*

- Tutored high school students 1:1 in 5-unit mathematics, preparing 4 students to score high marks on the Bagrut exam

Civic Trust **2016-2017**
Legal Assistant *Tel Aviv*

- Drafted case documentation and coordinated client-attorney communications for an active caseload

IDF **2014-2015**
Logistics Coordinator *Israel*

- Coordinated inventory and cross-unit logistics for IDF supply operations

Certifications

AWS Certified Cloud Practitioner, AWS (2025)
Claude Code 101 & Building with the Claude API, Anthropic (2026)
Hugging Face Agents Course, Hugging Face (Aug 2026)
